

CLEAR-AA WINTER SCHOOL

Development Evaluation Training Programme
in Africa (DETPA)

24 July – 4 August 2017

Official Cocktail Launch: 24 July 2017

PROGRAMME FORMAT

The Winter School supports the vision of developing a uniquely African approach to evaluation, acknowledging that context, culture, history and beliefs are critical to how we shape evaluation in response to the diversity and complexity of development in Africa.

FOUNDATION TRACK

This track is ideal for policy makers, programme managers, development workers, new entrants to M&E or those who need a “refresher” on the fundamentals of M&E. The course will reveal new thinking on evaluation and discussions on what a “Made in Africa” approach to evaluation means, and why it is important, in the context of the SDGs.

ADVANCED TRACK

Evaluators and M&E practitioners with some experience will find the Advanced Track stimulating and a value-add to their existing expertise and knowledge. The advanced course will focus on the following topics; deepening evaluation, adaptive management, developmental evaluation and evaluation methods in the context of complexity, the importance of cultural responsiveness in evaluation in Africa and more.

PLUS...

- Expert Panel Seminar – 28 July 2017
- Field Visit
- Lunch Time Lectures

WHO SHOULD ATTEND?

The course is designed to build capacity of M&E practitioners, evaluators, and new entrants into the field who require high-quality introductory training, as well as, practitioners, development workers, planners and decision-makers wishing to refresh their knowledge and improve the use of better evidence for informed decision-making.

ONLINE REGISTRATION OPENING SOON
